FAQs

What happens if I leave my organisation?

Here are the actions we ask members to take if they are leaving their organisation:

- Let your manager, or the most appropriate person, know about the membership and the value it has brought you and your organisation.
- Discuss who you think would be the best person to remain the membership contact. Ideally someone who has a remit in, or a passion for workplace health and wellbeing.
- Send us an email letting us know you are leaving, and CC in the new contact so we can update our database and make them feel welcome!
- Consider whether your new workplace may be interested in a membership with WayAhead Workplaces - Details on next page.

Can I bring extra people to the meetings?

Absolutely! Each membership tier has an allocated number of in-person attendees. If you would like more, we can add people to the waitlist. We prioritise space for members, but as soon as we can squeeze you in, we'll let you know! You can also reach out for virtual meeting attendance for additional people in your organisation.

Does my membership cover NSW and QLD?

To remain viable and keep your membership fees low, QLD and NSW memberships are separate. If your organisation has representation in both QLD and NSW and you'd like access to both, two memberships will be required.
